

# Biographical Note

**Luís Fonseca**

---

**Luís** Miguel Ciravegna Martins da **Fonseca**, Ph.D.

Professor at ISEP, Porto School of Engineering, of Quality and Organizational Excellence, Business and Industrial Management, and Sustainability, at MSc and BSc courses, since 1989.

Luís Fonseca holds a Ph.D. in Management (ISCTE-IUL, 2012), an MBA (IEP/ESADE, 1993), a Specialization in Quality Engineering (UNL/ISQ, 1987) and is Electrical Engineer (UP, 1982). He is presently President of the North Delegation of APQ (Portuguese Association for Quality), is an ASQ (American Society for Quality) Fellow Member, and is Senior Member and Industrial Engineer and Management Specialist by Ordem dos Engenheiros (Portuguese National Association of Engineers).

Luís Fonseca was CEO (Director Geral) of the leading Portuguese systems certification body (APCER) for more than ten years, and Vice-President of the IQNet Association, following a previous career (since 1982), as Quality and Process Control Manager and engineer, at several multinational companies.

His primary research focus is Quality and Organizational Excellence, Business and Industrial Management, Sustainability, Social Responsibility, and Circular Economy, and regularly publishes for relevant Journals in his areas of expertise.
