## **Ulf Gustavsson**

Ulf has been both a leader and a manager since 1991.

Today Ulf is the CEO for Syncorder, a Danish tech company, delivering digital solutions that simplify a company's Supply Chain by connecting and visualizing the company's order data. Before that he has for 12 years been working in different global positions for the home furnishing company IKEA. He has also been working at the telecom company Millicom that is listed at Nasdaq New York and Stockholm Stock exchange market. Ulf has also been chairman of the board for Swedish Association for Quality and is today board member in different companies.
