

Biographical Note

Jim Duarte

Jim Duarte

Jim is an international trainer, consultant, author and speaker focusing on Data Science, Big Data, Advanced Analytics and the Internet of Things. He brings significant industry experience to his clients from being a Corporate Director of Quality, and Director of Strategic Business Analytics at two Fortune 100 companies. Industries where he showed success include utilities, oil and gas, healthcare, metal processing, government and miscellaneous manufacturing systems. His signature work includes creating a non-destructive testing system for aluminum plate for the Space Shuttle, and mining purchasing data for strategic sourcing that yielded \$350M in savings. He is co-author of 7 patents for advanced analytical methods in utilities, and oil and gas. He is a Fellow of the American Society for Quality, Certified Quality Engineer, Certified Six Sigma Black Belt and Certified Lean Six Sigma Master Black Belt.
