

# Biographical Note

**Shogo Kato**

---

## **Shogo Kato, Ph.D**

Visiting Researcher, Keio University

He is now working for Keio University as a Visiting Researcher.

He started working for the University of Tokyo as an Assistant Professor from April 2008, soon after obtaining Ph.D. in Engineering. He had worked for the University of Tokyo as a Lecturer from January 2014 to September 2015, and worked for the National Center for Child Health and Development as a chief of the Division of Data Science and System Strategy to March 2019, and then he started working as a present post from April 2019.

His research interests are system analysis engineering in both healthcare and industrial fields, as represented by system design, structuring clinical knowledge, patient safety, trouble prevention, and so on.
