

Biographical Note

Luís Miguel Ferrão

Luís Miguel Ferrão

Was born in Aveiro, graduated from the local university in Industrial Management and subsequently completed a Master's Degree in Operations and Processes Management already in OPorto by ISEP (Porto Superior Institute of Engineering) . Recently, in 2016, he completed a mini MBA from the prestigious Catholic Porto Business School.

As a professional, Luís Miguel Ferrão began his journey in 2003 in Oliveira e Irmão, iberian leader in the production of toilet flushes. After that, he passed by reference companies in their areas of intervention such as ColepCCL, Pecol, Gestamp, HPS and Coindu, until arriving at Amorim Cork Composites as Operations Management of the company.

The experience builded up over the years in different contexts and functions allows him to have an important know-how and vision for the organization that he represents today.
